Pavement Repairs Approved on Avalon Avenue in Yucca Valley

Last week, the Board of Supervisors approved a contract for \$414,000 with Matich Corporation to improve the pavement on Avalon Avenue – from Buena Vista Drive to Aberdeen Drive – in the Yucca Valley area. Improvements will include repairing potholes and overlaying the street with rubberized asphalt concrete.

Work should begin by the end of May and be completed by the end of June 2007.

“Many roads are in desperate need of work and it is unfortunate we cannot fix them all. However, this project will repair one of the worst and I am pleased my colleagues supported investing in repairs,” said Dennis Hansberger, Third District Supervisor.
